

Community and Junior College Library Section

Quarterly Report to NCLA Executive Board: July 2011

The Officers of the Community and Junior College Library Section of the North Carolina Library Association communicated by e-mail and conference calls during the second quarter of 2011. These emails focused on planning and coordinating conference proposals for the upcoming NCLA conference in October. The Community and Junior College Library Section is sponsoring/co-sponsoring three sessions: Open Source Library Tools - Wake Technical College, LibGuides with BLINC, and Mobile Technology – Beaufort County Community College.

The elected chair, Jennifer Noga, stepped down in May as chair due to a change in jobs, which transitioned that position to Penny Sermons. The committee is currently planning the CJCLS meeting at the NCLA Conference and is beginning the process of electing new officers.

Respectfully submitted on 7/22/11 by:

Penny Sermons
Chair, Community and Junior College Library Section
Director, LRC/DL
Beaufort County Community College
