## 2008 NCLA RTSS Spring Workshop: Living on a New Frontier

Thursday, May 22, 2008  
Student Services Building  
Wake Technical Community College Main Campus

**Resources & Technical Services Section**

### Workshop Program

**WELCOME and Introductions (10:00am- 10:15am)** **Location: Rooms 214 and 215**  
**Charlie Lackey (NCLA RTSS Chair), Assistant Director, Cataloging and Bibliographic Services, Duke University Medical Center Library**  
**Jackie Case, Director of Library Services, Wake Technical Community College**

**KEYNOTE (10:15am-11:15am).** **Location: Rooms 214 and 215**

**The New Diaspora: The Dispersal of Bibliographic Control in a Collaborative Universe, An Overview of "On the Record: Report of the Library of Congress Working Group on the Future of Bibliographic Control"**

**Speaker: José-Marie Griffiths, Dean, School of Information and Library Science, UNC Chapel Hill**

In November 2006, the U.S. Library of Congress convened a Working Group to examine the future of bibliographic control in the 21st century. The formal charge to the Working Group on the Future of Bibliographic Control was to present findings on how bibliographic control and other descriptive practices can effectively support management of and access to library materials in the evolving information and technology environment; recommend ways in which the library community can collectively move toward achieving this vision; and advise the Library of Congress on its role and priorities. Dr. José-Marie Griffiths, co-chair of the Working Group, will provide an overview of the future the Group envisioned for bibliographic control, how the working group came to its conclusions, the recommendations of the report and an update on comments or actions subsequent to the publication of the report.

**BREAK (11:15am-11:30am)** **Location: Registration Area**

**CONCURRENT SESSION 1 (11:30am-12:30pm)**

**A. SOLINET Update** **Location: Room 212**

**Presenter: Kate Vincent, Senior Library Membership Consultant, SOLINET**

Curious about what SOLINET is offering to its members these days? Kate Vincent will provide an overview of SOLINET activities and product offerings for 2008-2009. She will discuss the proposed merger between SOLINET and PALINET, SOLINET training opportunities, preservation news and updates, the Gulf Coast Libraries Project, and more.

**B. Next Generation Cataloging Standards: RDA + FRBR** **Location: Room 214**

**Presenter: Erin Stalberg, Head, Metadata and Cataloging, North Carolina State University Libraries**

A new standard, *Resource Description and Access* (RDA) is scheduled for release in early 2009. How can libraries prepare for RDA and how it will replace *Anglo-American Cataloguing Rules, 2nd ed.* (AACR2)? How does RDA relate to the Functional Requirements for Bibliographic Records (FRBR) and how will cataloging change? This session will present the basic concepts of RDA and FRBR and explore what is interesting, exciting, and important to know about these new standards and data models.

**C. Update on the UNC System Pilot Institutional Repository** **Location: Room 215**  
**Presenters: Eleanor Cook (Intellectual Property & Copyright Librarian, Appalachian State University), Stephen Dew (Collections and Scholarly Resources Coordinator, UNC Greensboro), Adina Riggins (University Archivist, UNC Wilmington), and Rob Wolf (Serials/Digital Operations Coordinator, UNC Pembroke)**

Several UNC System schools are jumping on the Institutional Repository (IR) bandwagon with a new jointly held IR. UNC Greensboro is hosting the IR on behalf of Appalachian State University, East Carolina University, UNCG, UNC Pembroke, and UNC Wilmington. Join members of the planning team, Eleanor Cook, Stephen Dew, Adina Riggins, and Rob Wolf, as they provide updates on the project, discuss content and collection policies, copyright issues, and promotional efforts for the new IR.

**LUNCH (12:30pm-1:30pm)** **Location: Cafeteria, first floor**  
**Pre-ordered cold-cut sandwiches or lunch on your own.**

**CONCURRENT SESSION 2 (1:30pm-2:30pm)**

**A. SOLINET Update** **Location: Room 212**  
**Presenter: Kate Vincent, Senior Library Membership Consultant, SOLINET**

This is a repeat of Concurrent Session 1 A. Curious about what SOLINET is offering to its members these days? Kate Vincent will provide an overview of SOLINET activities and product offerings for 2008-2009. She will discuss the proposed merger between SOLINET and PALINET, SOLINET training opportunities, preservation news and updates, the Gulf Coast Libraries Project, and more.

**B. Collection Care on a Shoestring** **Location: Room 213**  
**Presenter: Krisan Gregson, Library Collection Care Specialist, Wake Technical Community College**

Aging collections, out-of-print titles, poor quality new acquisitions... Tighter budgets, competition from electronic resources, accountability demands. What to do? Do you need to start an in-house book repair program? Do you have one but need to know where to go next? Is there a shortage of money for staff training or supplies—or any actual support for the program? Does your staff know how and when to make the best use of the state-contract bindery? Come hear and see some workable solutions: strategies and supplies, techniques and tools, websites, bindery basics, and, before you leave, handouts and a door prize.

**C. Next Generation Cataloging Standards: RDA + FRBR** **Location: Room 214**  
**Presenter: Erin Stalberg, Head, Metadata and Cataloging, North Carolina State University Libraries**

This is a repeat of Concurrent Session 1 B. A new standard, *Resource Description and Access* (RDA) is scheduled for release in early 2009. How can libraries prepare for RDA and how it will replace *Anglo-American Cataloguing Rules, 2nd ed. (AACR2)*? How does RDA relate to the Functional Requirements for Bibliographic Records (FRBR) and how will cataloging change? This session will present the basic concepts of RDA and FRBR and explore what is interesting, exciting, and important to know about these new standards and data models.

**D. Comprehensive Online Acquisition and Collection Development** **Location: Room 215**  
**Presenter: Gardner E. Cobb, III, Field Sales Consultant, Baker & Taylor, Inc.**

This presentation will cover Baker & Taylor's online acquisition package which is designed to be more than an ordering tool. A comprehensive, state-of-the-art package is now available to libraries and can be used as a resource that is designed to help streamline the library's collection development and acquisition process.

**BREAK (2:30pm-2:45pm)**

**Location: Registration Area**

**CONCURRENT SESSION 3 (2:45pm-3:45pm)**

**A. Collection Care on a Shoestring**

**Location: Room 213**

**Presenter: Krisan Gregson, Library Collection Care Specialist, Wake Technical Community College**

This is a repeat of Concurrent Session 2 B. Aging collections, out-of-print titles, poor quality new acquisitions... Tighter budgets, competition from electronic resources, accountability demands. What to do? Do you need to start an in-house book repair program? Do you have one but need to know where to go next? Is there a shortage of money for staff training or supplies—or any actual support for the program? Does your staff know how and when to make the best use of the state-contract bindery? Come hear and see some workable solutions: strategies and supplies, techniques and tools, websites, bindery basics, and, before you leave, handouts and a door prize.

**B. Online or In Print?: A Panel Discussion on the Relative Merits of Print and Online**

**Resources**

**Location: Room 214**

**Moderator: Jim Ruwaldt (Periodicals Librarian, High Point Public Library)**

**Panel: Beth Bernhardt (Electronic Journals/Document Delivery Librarian, UNCG), Ameet Doshi (Public Programming Librarian, UNCW), Ross Holt (Assistant Director, Randolph County Public Library), Tim Rogers (Executive Director, NC LIVE).**

Librarians are finding online resources to be increasingly useful, but do print resources still have a place in the current era? Join this panel discussion to look at where serials and other resources are going in the digital age.

**C. Comprehensive Online Acquisition and Collection Development**

**Location: Room 215**

**Presenter: Gardner E. Cobb, III, Field Sales Consultant, Baker & Taylor, Inc.**

This is a repeat of Concurrent Session 2 D. This presentation will cover Baker & Taylor's online acquisition package which is designed to be more than an ordering tool. A comprehensive, state-of-the-art package is now available to libraries and can be used as a resource that is designed to help streamline the library's collection development and acquisition process.
