### Preserving the History of Women Veterans

### BETH ANN KOELSCH

Curator of the Betty H. Carter Women
Veterans Historical Project at the
University of North Carolina at
Greensboro

## About the Women Veterans Historical Project:

The WVHP documents the contributions of women in the military and related service organizations since WWI.

Materials in the collections include:

- Oral Histories
- Photographs
- Letters
- Diaries
- Scrapbooks
- Military manuals and records
- Military patches and insignia
- Uniforms
- Posters
- Recruiting brochures and other ephemera
- Books

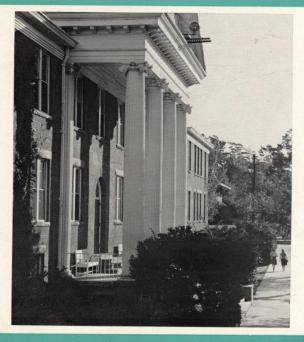

The WVHP primarily focuses on collections from the twentieth century, with materials pertaining to World War I, World War II, the Korean War, the Vietnam War, and the Gulf Wars.

### The WVHP currently holds:

- 524 Individual Collections
- 331 Oral History Interviews
- 200+ Textiles
- 2500+ photographs
- 35 scrapbooks and diaries
- 2,000+ recruiting brochures, posters, and military documents...

## THE ALUMNAE NEWS WOMAN'S

WOMAN'S COLLEGE OF THE UNIVERSITY OF NORTH CAROLINA

JULY 1944

JULY, 1944

### Brief Items from the Report of the Alumnae Secretary

1. It seems odd to look back upon two years without class remions, without working with the class officers and sending out hundreds of reunion letters; odd also to think of two years without a Seminar events which brought the alumnae back to the campus in large numbers in previous years, and with so much pleasure and profit to all - and without being able to report the usual number of widespread meetings in the local clubs and associations. It seems even more strange perhaps that for the first time this commencement the College was not able to provide us the opportunity of having the usual formal luncheons and dinners. The answer is — the war. The effort to win it has necessitated a shortening of the lines in many directions, and a lengthening of the lines in other directions. Women are also a part of this war as never before. We are all doing not less, but more - the emphasis only is different. In the Alumnae Office, as elsewhere, the load has simply been shifted to the other shoulder.

2. During the past year, the work in the Alumnae Office has revolved mainly around three things: (a) Alumnae Records: (b) THE ALUMNAE NEWS: (c) the Alumnae House. In each of thesetors of alumnae work, the increase in activity has been high.

We have been making a valiant effort to keep track of the thousands of alumnae who are in Kalamazoo on Tuesday and in Miami on Wednesday: who are Mary Smith one day and Mrs. John Doe the next. It would be difficult to find them hereafter, if we should lose them now in the avalanche of weddings taking place, and consequent changes of name and location: and in the madly kiting advesses, as our women take up new jobs and activities all over the country. It has been estimated that from one and a half to twice as much time is required to handle the names in an alumna office as in an alumni office, where man, once named, is named forever.

4. The Alphabetical, Class, Biographical, Locality, and Married Name files are all involved. In the Addressograph Room, 35,000 plates are also in service. The Assistant Controller has said that there is a possibility of securing a new Addressograph outfit this year to replace the one now in use, and if so, a great lift will be given to the work of this department.

5. Additional separate biographical records have been set up for alumnae who have joined the Armed Services.

6. The ALUMNAE NEWS has been issued four times as usual. Its pages have been featured this year by the use of a larger number of pictures than ever before, and by stories of alumnae in the Armed Forces.

Forces,
7. The schedule book of events in
Alumnae House shows that 19.2.74 people
attended 207 lectures. teas. receptions,
musicals. and meetings of various kinds
in the House last year. From the beginning, there has been a steady and natural
increase in the service of the House, as is

### ALUMNAE IN THE ARMED FORCES

Ensign Mildred B. Miller '35, Kerr, is the out-going stores officer for the Supply Department, U. S. Naval Air Station, New Orleans, Louisiana. She is one of the first officers in the WAVES to wear the insignia of the Navy's Supply Corps. Ensign Miller is in charge of the shipping of all material and supplies sent out from this base. In addition she supervises conservation and salvage throughout the station. Mildred joined the WAVES in May, 1943, and received her commission following officers' training at Northampton, Massachusetts. She was then transferred to the Radcliff Branch of the Harvard Navy Supply School, and upon completing the course there, was ordered to her present post. After graduation at Woman's College, Mildred taught mathematics and science in high schools in North Carolina, but for some time previous to joining the Armed Services, she was supervisor of records for engineers with the Southern Bell Telephone and Telegraph Company, Char-

Ensign Laura Gamble '36, Davidson, joined the WAVES in February, 1943, and received indoctrination at the USNR Midshipmen School, Smit College, She is now on duty at the Naval Proving Ground, Dahlgren, Virginia, as assistant accounting officer in the Supply Corps for that station. She is also issuing agent for War Bonds.

Lt. Geraldine H. Cox '39, Washington, of the WAC, has recently been promoted from Second to First Lieutenant, and at the last writing in March, was on duty in Minneapolis, Minnesota, recruiting for the Army Air Forces. Previous to that time, Lt. Cox had been stationed for about a year as an instructor in the Motor Transport Division, WAC Training Center, Daytona Beach, Fla.

Ensign Barbara Moore '39, Old Greenwich, Connecticut, of the WAVES, is on duty in the Communications Division, Naval Air Station, Squantum, Massachusetts.

Isabel Pelton '39, Southern Pines, is a medleal social worker with the Red Cross, U. S. Army, Station Hospital No. 1, Fort Jackson, S. C. She went on duty there in April, 1942. Previous to this assignment, Isabel had been on similar duty at Fort Bragg, and at Stark General Hospital, Charleston, S. C. After her graduation, Isabel did graduate work in the school of public welfare and social work, University of North Carolina, Chapel Hill, with six months field work at Duke Hospital. She also had experience in the welfare departments of Cabarrus, Nash, and Randolph counties. Isabel spent the summer of 1939 traveling in Europe.

### **MISSION STATEMENT:**

The Betty H. Carter Women Veterans Historical Project collects
and preserves unique and rare historical materials
documenting the female experience in the United States
Military and promotes the research use of these materials by
members of the University of North Carolina at Greensboro,
the broader scholarly community, and the public.

The Women Veterans Historical Collection documents the female experience in the Armed Forces through letters, papers, photographs, published materials, uniforms, artifacts, and oral histories. It contains more than one hundred manuscripts collections and more than two hundred oral history interviews. Housed and maintained in the University Archives in Jackson Library, the materials are a research collection for scholars of military history as well as women's studies.

### JULIA HILL GUNN PAPERS

### BIOABSTRACT

Julia Hill Gunn of Lexington, North Carolina, was an aerographer's mate in the U.S. Navy WAVES (Women Accepted for Volunteer Emergency Service) from 1945 to 1947.

### **BIOGRAPHY**

Julia H. Gunn was born in Lexington, North Carolina, and graduated from the high school department at Montreat College in Montreat, North Carolina. In 1941 she enrolled at the Woman's College of the University of North Carolina (now the University of North Carolina at Greensboro) and graduated in 1945 with a degree in chemistry.

Gunn joined the WAVES in June 1945 and reported to Hunter College in New York for basic training. She attended the weather school at Lakehurst, New Jersey, from September to December 1945, training as an aerographer's mate and monitoring weather patterns. In early 1946 she was transferred to Navy Weather Central and worked in the Civilian Weather Bureau Building in Washington, D.C. Gunn was discharged in the summer of 1947.

After the war, Gunn did analytical chemistry work in the agronomy lab at North Carolina State University in Raleigh, North Carolina. In 1948 she married Larry Gunn. Throughout the 1950s she worked primarily in tax preparation, managing several H&R Block branches in the Greensboro area.

## EDUCATIONAL OPPORTUNITIES EXCITING JOBS

WOMEN'S ARMY CORPS

1970

## Army Schools are in many parts of the country, and many are co-ed.

Continuing your education in the Army is much like going off to college. You'll travel to one of the Army Schools (and the Army will pay your way). You'll live and study in campus-like surroundings. You'll make new friends, young men and women from everywhere in the United States. There will be a Service Club, with many social activities—swimning, tennis, golf, bowling, movies and libraries.

### Special Orders for German-American Relations, 1945

Europe 1945

My price in you is deeper than the simple price of a commander of victorious trougs, for we fight to preserve for our own people and for people throughout the world the chance to tearn or to continue learning how to govern themselves and how to live with one another.

Before the German people can learn how to govern the season and get along with the rest of the world they must be firmly impressed with the fact that they have been defeated, that their acceptance of Nazi leadership made their defeat necessary, and earned for them the distrust of free, peaceful people.

The fight is not over with the laying down of arma. You and your conduction relation with the German people will largely determine whether they will reclize we snear business, or whether you and your children must again be called to fight and die so fortign soil.

To help you in deing your part I give you these "Special Orders". I charge you personally with the responsibility of strict compliance with their provisions. It will be hard for you, for you have not been trained this way; but it is only through this means that complete victory over Nani ideals will be won.

JACOB L. DEVERS LIEUTENANT GENERAL U.S.A.

### SPECIAL ORDERS FOR GERMAN-AMERICAN RELATIONS

- 1. To remember always that Germany, though conquered, is still a dangerous enemy nation.
- a. It is known that an underground organization for the continuation of the Nazi program for world domination is already in existence. This group will take advantage of every relaxation of vigilance on out part to carry on undercover war against us.
- b. The occupational forces are not on a goodwith mission.
- 2. Never to trust Germans, collectively or individually.
- a. For most of the past century, Germany has sought to attain world domination by conquest. This has been the third major attempt in the memory of men still living. To many Germans, this deteat will only be an interlude-a time to prepare for the next war.

b. Except for such losses of life and property suffered by them, the Germans have no regrets for the havec they have wrought in the world.

- c. The German has been taught that the national god of domination must be attained regardless of the depths of treachery, murder and destruction necessary, the has been taught to sacrifice everything-ideals, honor, and even his wife and children for the State. Defect will not erase that idea.
- 3. To defeat German efforts to poison my thoughts or influence my attitude.
- The Nazis have found that the most powerful propaganda weapon is distortion of the truth. They have made skillful use of it and will re-double their

efforts in the event of an occupation in order to influence the thinking of the occupational forces. There will probably be deliberate, studied and continuous efforts to influence our sympathles and to minimize the consequences of defeat

- b. You may expect all manner of approach—conventions to be overheard, underground publications to be found; there will be appeals to generosity and fair play; to pity for victims of devastation: to racial and cultural similarities; and to sympathy for an allegedly oppressed people.
- c. There will be attempts at sowing discord among Allied nations; at undermining Allied determination to enforce the surrender; at inducing a reduction in occupational forces; at lowering morale and efficiency of the occupying forces; at proving that Nazism was never wanted by the "gentle and cultured" German people.
- 4. To avoid acts of violence, except when required by military necessity.

For you are an American soldier, not a NazL

- 5. To conduct myself at all times so as to command the respect of the German people for myself, for the United States, and for the Allied Cause.
- a. The Germans hold all things military in deep respect. That respect must be maintained at all times or the Allied Cause is lost and the first steps are taken toward World War III. Each soldier must watch every action of himself and of his comrades. The German will be watching constantly, even though you may not see him. Let him see a good American Soldier.

b. Drunkenness will not be tolerated. Penalities will be severe.

### 6. Never to associate with Germans.

- a. We must bring home to the Germans that their support of Nazl leaders, their tolerance of racial hatreds and persecutions, and their unquestioning acceptance of the wanton aggressions on other halions, have earned for them the contempt and distrust of the civilized world. We must never forget that the German people support the Nazl principles.
- b. Contacts with Germans will be made only on official business. Immediate compliance with all official orders and instructions and surrender terms will be demanded of them and will be firmly enforced.
- c. American soldiers must not associate with Germans. Specifically, It is not permissible to shake hands with them, to visit their homes, to exchange gifts with them, to engage in games or sports with them, to chend their dances or social events, or to accompany them on the street or elsewhere, Particularly, avoid all discussion or argument with them. Give the Germans to chance to trick you into relaxing your guard.

### 7. To be fair but firm with Germans.

- a. Experience has shown that Germans regard kindness as weakness. Every soldier must prove by his actions that the Americans are strong. This will be accomplished if every soldier treats the Germans with firmness and stern courtesy at all times.
- b. Firmness must be tempered with a strict jusfice. Americans do not resort to Nazi gangeter methads in dealing with any people. Remember, your fair but firm treatment of the German people will command the proper respect due a member of a conquering nation.

8/22/95

PURPOSE This is an informal newsletter whose purpose is to bring spouses and non-deploying personnel up to speed on happenings in -- Col Lou Meier, Commander, 111th Fighter Group Kuwait Enjoy!

### **OPERATION READINESS INSPECTION** (ORI) LOW-DOWN

We were the first ANG unit to overlap a Phase I ORI with a real-world deployment. The Active Duty & AF Reserves had done it, but we were the first Guard unit to do it.

The basis of the accomplishment was two-fold. First, the IG had to understand we had to get the planes to Kuwait. Second, we had to change our thinking that "this is an ORI" to "this is a deployment.

The 111th pioneered the idea of using non-deploying personnel, i.e., civil engineers & motor pool, to become expert teams at performing various mobility duties. It worked great. We had the "Pallet Pigs" (built pallets of cargo), "Cargo Shufflers" (moved cargo), "Cargo Jammers" (loaded airplanes), "People Pushers" (moved people through the mobility line). These were highly motivated teams who really cared about their jobs.

On the aircraft generation and deployment end of things, maintenance and operations had to critically coordinate in order to produce fifteen mission ready aircraft to take off on time. And it happened!

### A DAY IN THE LIFE OF ... A "DESERT RAT:" I.E., A CREW CHIEF
