### National Economy

Gross Domestic Product
Inflation
Employment & Unemployment

### National Economy

#### **Gross Domestic Product (GDP)**

The value of all finished goods and services produced within a geographic area for a specified period of time.

The % change over the prior period and trend are perhaps more important than the absolute number.

#### Data is reported at multiple levels:

- National
- State
- MSA

#### For various intervals:

- Annual
- Quarterly
- Monthly

#### **Questions?**

Consumer Price Index (CPI)
Producer Price Index (PPI)

### Consumer Price Index (CPI)

- A measure of the average change over time in the prices paid by urban consumers for a market basket of consumer goods and services. (BLS.gov)
- It's an index:
  - the years 1982 84 = 100
  - Price changes are indexed against those price levels.

### **CPI** Categories

Food & beverage
Housing
Apparel
Transportation
Medical Care
Recreation
Recreation

Education & communication
Other goods & services
Commodity & services groups
Special Indexes

#### **CPI Sources: FRED**

### Consumer Price Index for All Urban Consumers: All Items (CPIAUCSL)

2013-02: **232.770** Index 1982-84=100 Last 5 Observations
Monthly, Seasonally Adjusted, Updated: 2013-03-15 8:50 AM CDT

#### Producer Price Index (PPI)

- The Producer Price Index (PPI) program measures the average change over time in the selling prices received by domestic producers for their output (BLS.gov).
- Reported by the Bureau of Labor Statistics
- Producer Price Indexes at the BLS: <u>bls.gov/ppi</u>

### Producer Price Index (PPI)

- A leading indicator for consumer inflation
- Reported for 18 categories, such as
  - Finished goods
  - Intermediate materials
  - Industrial commodities
  - Crude energy materials
  - Fuels & related products
- Indexed, 1982 = 100

# Bureau of Labor Statistics FRED

### National Economy

# **Employment Unemployment**

The BLS programs provide national totals of the number of employed people and also provide statistics on subjects such as:

- Occupational employment and wages
- Labor demand and turnover
- The dynamic state of the labor market

# Total Nonfarm Employment (thousands)

#### Unemployment

Persons are classified as unemployed if they do not have a job, have actively looked for work in the prior 4 weeks, and are currently available for work. Persons who were not working and were waiting to be recalled to a job from which they had been temporarily laid off are also included as unemployed. Receiving benefits from the Unemployment Insurance (UI) program has no bearing on whether a person is classified as unemployed. Source: BLS.gov/cps

The unemployment rate represents the number unemployed as a percent of the labor force.

**Unemployment Rate in February 2013: 7.7%**

Closing prices and trends

"The term *national debt* refers to direct liabilities of the United States Government. There are several different concepts of debt that are at various times used to refer to the national debt".

Public debt is the most significant form of debt. It exists as "U. S. Treasury securities [which] primarily consist of marketable Treasury securities (i.e., bills, notes and bonds), savings bonds and special securities issued to state and local governments."

Source: U. S. Treasury

#### **National Debt**

On March 25, 2003, debt held by the public was \$11,895,649,154,059.06

#### **National Debt**

On March 25, 2003, debt held by the public was \$11,895,649,154,059.06
